

If an enduser create a plant, How to bind it to installer with FoxCloud 2.0?

—Only two steps for enduser—

Step1

Click the three points in the top right corner of the home page and select "Associated installer".

Step2

It will automatically produce a link, please share the link with your installer via social software.

Finished for enduser

After installer receive the link message

Open the link, and enter installer account in the page, then click "Agree".

Finished for installer
