

1

4G Stick Installation

Step 1:

Rotate the lock, make sure the triangle logo is on the front and centered.

Plug the smart 4G device into the 4G port under the bottom (underside) of the inverter.

Tighten the nut clockwise as following.

Note: If you already have an installer/agent account, please press 'Login' and enter with your installer/agent account directly.

Step 2:

Select 'Installer' and enter Installer name, then click 'Register'. We suggest you complete all information to ensure after-sales service.
